

## Vernon Finds Own View On College Site Ruling

VERNON (CP)—Eight school boards have their own interpretation of B.C.'s junior college regulations and Vernon has one too.

The eight boards in favor of Kelowna as a site for the proposed Okanagan college have written Vernon, Penticton and Armstrong suggesting they support Kelowna on the strength of the new regulations.

They claim the provincial government wants only one college in the Okanagan and Kelowna is the logical location.

Fred Macdonald, secretary-treasurer of School District 23 said if the three districts withdrew support, their students would be sent to pay twice as much in tuition fees to go to school in Kelowna.

"This is the greatest danger," he said.

Meanwhile secretary-treasurer J. W. Green of Vernon's district 22, after reading the new regulations, said there was nothing specific preventing establishment of more than one college in the Okanagan.

He said Kelowna's claims were based on a supposition that the costs involved would be high for the establishment of more than one college. "If this is the case it means that determination of the most suitable site for the college is of paramount importance."

Green said the new regulations specify that the method of sharing operating costs by the government based on a teacher-pupil ratio related directly to enrollment.

"No statement, other than the Macdonald report, has been made on the cost to the taxpayer, and until the government grant per approved teacher has been established, local cost is a matter of conjecture," he said.

## ECM Clips But Few Feathers From Poultry Tariff On U.S.

BRUSSELS (AP)—The European Common Market offered the United States a small cut in its tariff on U.S. poultry but demanded that Americans abandon the idea of further negotiations on the issue.

The demand made certain that the United States would reject the offer to trim 1.3 cents from the 13.43 cents—a pound duty, a 10-per-cent cut in a tariff the Common Market raised 180 per cent last year.

The United States was expected to press instead for negotiation of the dispute by the General Agreement on Tariffs and Trade, the 45-nation international trade organization.

It took the foreign ministers of the six market nations—France, West Germany, Italy, Belgium, The Netherlands and Luxembourg—only 20 minutes to reach a unanimous decision, Christian A. Herter, President

Kennedy's chief negotiator here had said earlier the 1.3-cent reduction was inadequate.

**DIDN'T DISCUSS PROPOSAL**

A French spokesman said the U.S. proposal for arbitration of the dispute by GATT was badly received and was not even discussed today.

Instead the ministers approved a statement saying the United States, in return for the reduction in the duty, was asked to give up the bargaining rights it has under an agreement of March 7, 1962. This entitled the United States to negotiate with the Common Market if it considered its trade in chickens was hurt.

The United States is expected to announce retaliatory tariff increases against the Common Market countries by early next month.

## Haiti-Dominica Shooting War Gives Way To Duel Of Words

SANTO DOMINGO (AP)—The latest crisis between Haiti and the Dominican Republic simmered down to another war of words today after each accused the other of firing across the border.

Haitian troops were reported to have fired Monday into a Dominican border town, apparently trying vainly to head off a rebel chief and his band who had just lost a battle in a Haitian frontier town.

Dominican officials interned about 120 fugitives.

Informed sources said the rebels were headed by Haitian ex-General Leon Cantave, who last month led a band of exiles in an invasion attempt to overthrow Haitian dictator Francois Duvalier. Haiti charged the Dominican Republic aided Cantave's operation. Santo Domingo denied it.

As the rebel band streamed across the border, witnesses re-

ported rifle and machine-gun bullets hit the Dominican town of Jajabon.

Haiti denied its forces fired across the border. In turn, it accused Dominican soldiers of firing into the Haitian town of Ouanaminthe.

**RAN INTO OUBATISON**

Informants said Cantave reported that he led a rebel force against Ouanaminthe, ran into a government garrison of 500 men, and lost 60 men killed before retreating across the border. He claimed Haitian forces had 100 casualties.

A Dominican communiqué announced the internees would be brought to Santo Domingo. The foreign minister said about 20 of them were being treated at hospital in Jajabon for wounds.

From Washington, President Gonzalo Falcão of the council of the Organization of American States messaged appeals to both President Juan Bosch of the Dominican Republic and Haitian President Duvalier to avoid any action that might inflame the situation.

## Lumby Girl Attacked

VERNON (Staff)—RCMP detachments throughout the province are looking for three youths believed to have attacked a 16-year-old Lumby girl Saturday night.

The girl arrived at the Lumby RCMP office at 1 a.m. Sunday, incoherent, and her clothing in shreds.

According to RCMP the girl was walking the five miles from Lumby to her home at 8:30 p.m. Saturday when she was offered a ride by the trio. She accepted, but was taken past her home to a point nine miles from the community, where she was allegedly attacked.

Later she was dumped from the car and left to walk the lonely road back to Lumby.

Kelowna RCMP said today they were looking for a light green, white topped Ford product between 1950 and 1955 in connection with the case. The car was a sedan type, radio equipped. The three men are said to be in their early 20s.

## Turk Copies Buddhist In Fiery Suicide

ALBANY, Turkey (AP)—A Turk burned himself to death Saturday in the style of a South Vietnamese Buddhist martyr.

Neighbors said he had been concerned about the treatment of Buddhists in South Vietnam.

McINTOSH CROP PACKED INTO NEW STORE

First McIntosh apples are being stored today in the new British Columbia Fruit Growers Association controlled atmosphere storage building on Rossmore at Ellis, Kelowna. Here, the fork lift operated by Alfred Siple hauls an 800-pound bin of apples from a truck prior to storing it inside the building. (Courier Photo).

## Party Leaders Hard at It In Election's Final Phase

Party leaders started getting in their last licks Monday as the Sept. 30 B.C. election campaign entered its final week.

Premier W. A. C. Bennett and Dave Fulton, Progressive Conservative leader, continued their duel over the Peace River project.

Robert Strachan, New Democratic Party chief, announced he would break off his campaign briefly to conduct an important press conference in Vancouver today.

And Liberal leader Ray Perrault promised a special session of the B.C. Legislature should his party win the majority of the 52 seats.

Mr. Bennett, addressing a public rally in Nanaimo, said opposition parties were timid when they advocated either stopping or slowing down Peace River development.

As for Mr. Fulton—the man who says the Peace must be stopped—Mr. Bennett said he was "a brilliant chap in many ways, but with no judgment."

He said that when Mr. Fulton retired from federal politics he had told himself: "If I get kicked out of Ottawa at least I'll go out and smash Bennett in British Columbia."

The premier also said his Social Credit government will build a paved highway from just north of Campbell River to Port Hardy within the next seven years if it were returned to power.

He said a government ferry service to link Port Hardy to the Alaska Ferry System and the Northern Trans-Provincial Highway would also be started.

He gave no dates for the start of the projects.

Meanwhile, at a public meeting in Kimberley, Mr. Fulton fired a few barbed comments in Mr. Bennett's direction.

He said "nothing really matters" to the Social Credit leader except the Peace project plan and that the Conservatives were the only party who "can stop this madman."

He reduced the election issues to one question: "Do you want the Peace dam so badly that nothing else really matters?"

Mr. Fulton said the money required for the Peace project would pay for two Columbia projects, or two tunnels across the English Channel, or for three St. Lawrence Seaways. It would represent a \$4,000 mortgage on every home in B.C.

## U.S. Airliner Hit By Bullet

SAIGON, South Viet Nam (Reuters)—A Pan American 707 jet airliner was hit by a Communist guerrilla bullet early today in firing that some sources said could have been directed against United States Defense Secretary Robert McNamara and his special mission.

## "Big Lift" Seen As Prelude To U.S. Overseas Forces Cut

WASHINGTON (AP)—The airlift of an armored division to West Germany next month may foreshadow eventual withdrawal of sizable U.S. combat forces from Europe and perhaps the Far East.

There are no plans for any immediate retrenchment of that sort, but U.S. military strategists are tending in that direction in their thinking some years ahead.

Among other things, any such military reduction would ease the balance-of-payments problem by reducing U.S. spending overseas.

The aims of the 18,000-man army-air force exercise called Big Lift are a mixture of the military and the political.

From the military standpoint, Big Lift is designed to test the capability of the rapidly growing United States military air transport fleet to fly large numbers of troops to overseas trouble spots and get them into action within a few days.

The demonstration of this capability also would yield important political dividends in showing Allied nations that the United States need not keep large ground fighting formations stationed in Europe to carry out the U.S. commitment to defend the NATO area.

WORTH \$20,000,000

U.S. authorities believe Big Lift is worth the \$20,000,000 it is expected to cost.

The United States now is in the process of gradually scaling down a 40,000-man buildup of support troops sent overseas to round out the U.S. 7th Army during the Berlin crisis two years ago.

## Ben Bella Hints Of Takeover

ALGIERS (Reuters)—President Ahmed Ben Bella of Algeria has given a clear hint he will nationalize remaining French property in Algeria if France carries out further nuclear tests in the Sahara Desert.

He told reporters at a press conference Monday night he wants close Franco-Algerian cooperation "between equals," but it cannot be based on the maintenance of privileges from the colonial era.

He said his previous nationalization moves, including the takeover of three French-owned newspapers last week, did not damage Franco-Algerian cooperation.

## STOP PRESS NEWS

**Rusk Warns Indonesian Envoy**

UNITED NATIONS (CP)—U.S. State Secretary Dean Rusk told Indonesian Foreign Minister Subandrio today the United States want to prompt resumption of normal relations in Southeast Asia and protection for diplomatic establishments there.

**Soviet Ratification Yet To Come**

UNITED NATIONS (CP)—Dutch Foreign Minister J. M. A.H. Luns announced today that his country has placed a marine corps contingent at the disposal of the United Nations peace-keeping authorities. The move follows similar action by Canada and the Scandinavian countries.

**Holland Offers UN Marine Force**

MOSCOW (Reuters)—The Soviet Union has not yet ratified the partial nuclear test-ban treaty which the United States Senate approved today. But Soviet acceptance of the document concluded here in August is regarded as a foregone conclusion.

# Senate Ratifies Test-Ban Treaty And Backs JFK

## Canada "Escape Hatch"

OTTAWA (CP)—Two young East German seamen are on their way to West Germany by a new escape route.

Lothar Horn, 23, and Wolfgang Hommers, 20, have outwitted East German officials by using Canada to open the door of West Germany to them.

Horn and Hommers defected from the East German trawler Goritz at St. John's, Nfld., Aug. 28. They told Canadian immigration authorities they did not want to remain in Canada but to be placed on a ship bound for a West German port.

This was arranged by the immigration department in cooperation with the West German consulates in Montreal and Halifax.

The immigration department said today the two men left Montreal aboard the Hugo Stennes Sunday for West Germany.

## Historic Document Approved With Majority Of 80 To 19

WASHINGTON (AP)—The Senate ratified the history-making limited nuclear test-ban treaty today.

Approval of the pact banning nuclear weapons testing in the atmosphere, in outer space and underwater, came after more than two weeks of committee hearings and an equal time of Senate debate.

With a two-thirds vote of the 100-member senate required by approval, the resolution went through on a 80-19 roll call.

The treaty, signed at Moscow Aug. 5 by the United States, the Soviet Union and Britain, was sent to the Senate by President Kennedy Aug. 6 with these words:

"While it will not end the threat of nuclear war or outlaw the use of nuclear weapons, it can reduce world tensions, open a way to further agreements, and help to ease the threat of war."

**FEAR FOR SECURITY**

Opponents contended it jeopardizes national security, freezes a Soviet advantage in high-yield weapons, and permits the Russians to continue development underground in the small weapons field where the United States now leads.

The treaty came under scathing attack from Senators Russell B. Long (Dem., Miss.) and J. William Fulbright (Dem., Ark.), who heads the Senate armed services committee. John Stennis (Dem., Miss.), who heads the Senate subcommittee on Preparedness, also criticized it.

Senators expressed fears it might be the first step toward complete disarmament without the safeguard of inspection. He and the others said they were concerned that Soviet reconnaissance-breaking atmospheric tests in 1961 and 1962 put them at an advantage in high yield weapons in anti-ballistic weapons system knowledge and in way to harden missile emplacements.

But, in the end an overwhelming majority of the Senate went along with the endorsement of the military just chiefs of staff, who said that with four specified safeguards, the military "risks and disadvantages" were acceptable.

FRANK MCMAHON

## McMahon Said "Sacred Ally"

VANCOUVER (CP)—Liberal leader Ray Perrault charged Monday night that Frank McMahon, president of Westcoast Transmission Company, is helping Social Credit fight the Sept. 30 British Columbia election.

He said Mr. McMahon is doing this because big business is afraid of Social Credit Premier Bennett.

Mr. Perrault said in an election meeting that D. K. Ekman, an assistant to Mr. McMahon and former executive assistant to Premier Bennett, wrote the recently-released Social Credit manifesto.

Mr. Ekman was the "pipeline" that McMahon built into the premier's office for his league of frightened men.

## Fifteen Killed In Factory Blast

CASERTA, Italy (AP)—Fifteen persons were killed and 15 others badly injured today in the explosion of a clandestine fireworks factory in a village on the outskirts of this wartime Allied headquarters town.

The blast wrecked the two-story building housing the factory, partially destroyed two adjacent houses, and blew out windows in many others.

## Insecticide Kills 3 Small Sisters

NAPLES, Italy (AP)—Three little sisters died and their two brothers were in hospital in serious condition Tuesday after their mother shampooed their hair with an insecticide solution. Authorities said the cause of death was blood poisoning.

## Greece Orders Ban On Cuban Cargoes

ATHENS (AP)—The Greek government Tuesday ordered Greek ships to cease carrying cargo to or from Cuba. An earlier decree had prohibited only the transport of cargo to Cuba.

## President Likely To Sign Pact Within Few Days In Washington

WASHINGTON (AP)—Senate approval was the last big hurdle the limited nuclear test-ban treaty had to clear before it could become effective. But there are still other steps necessary to put the pact in force.

The next major action by the United States will be the formal ratification of the treaty by President Kennedy. Officials said today that it should be possible for this step to be taken within a few days.

Finally, the treaty will become effective when instruments of ratification are deposited by the United States, Britain and Russia in each of their three capitals. This is an unusual procedure but one which the three nuclear powers agreed on when they negotiated the pact in Moscow in July.

The reason for the unusual procedure is that Moscow could accept signatures and ratification by any countries the United States does not recognize, notably East Germany, and the United States could do the same for countries which Russia does not recognize, such as Nationalist China.

## British Rescue Documents In Gutted Jakarta Embassy

JAKARTA, Indonesia—British officials cleared out vital documents from the vault of their ruined embassy today, wiping out a possible source of new friction between Britain and Indonesia.

The embassy was sacked and set on fire and British homes were pillaged by mobs Wednesday in the backlash of the Indonesian hostility to the British-sponsored federation of Malaysia.

Red dispatch cases, canvas pouches and wooden crates, some containing top-secret papers, were hurried by two trucks to the U.S. Embassy, Canadian, American, Australian and other Western embassy offices helped to load the trucks.

Informants Monday that Indonesians were trying to open the vault. British Ambassador Andrew Gilchrist hurried to the embassy and stood watch over the vault until Jakarta officials agreed to a joint British-Indonesian guard.

The British government ordered evacuation today of the five women still attached to the British Embassy as war was received that the Indonesian government would prohibit international airlines from picking up passengers and cargo in Jakarta for Singapore after Thursday.

## Martin And Gromyko Seek New Initiative On Arms Cuts

UNITED NATIONS (CP)—External Affairs Minister Paul Martin has explored a possible new initiative in the disarmament field with Soviet Foreign Minister Andrei Gromyko, it was learned today.

The Canadian minister, who met with Gromyko for more than an hour late Monday at the Soviet United Nations mission, was understood to have sought the Soviet reaction on an initiative the Canadian delegation has been considering.

The nature of the move was not disclosed, but it was understood to involve an area where considerable agreement already exists between East and West.

Martin, who flies back to Ottawa today for trade talks with a Japanese ministerial delegation, planned several other conferences before his departure.

He was to meet with India's chief delegate Mrs. Vijaya I. Pandit and Foreign Minister

PAUL MARTIN

TAMARA TITOV

... Glad Tidings

## 'Space' Baby For Titovs

LONDON (Reuters)—Russian astronaut Gherman Titov's wife Tamara has given birth to a daughter—the first child born into a Soviet "space family"—after the flight, Tass news agency said today.

A doctor at the maternity home where the baby was born said mother and daughter feel fine. The baby weighed nine pounds, four ounces.

Titov, 28, the second Soviet cosmonaut after the pioneering flight of Yuri Gagarin, circled the earth 17 times during his 25 hours in space in Vostok II in August, 1961.

# Council Grants Funds For Pollution Report

## COUNCIL BRIEFS

## Authorize \$2,000 For Work On Preliminary Study Here

City council Monday night authorized the expenditure of \$2,000 on a preliminary report on pollution around Kelowna, with special reference to the area around the city.

The owner of the boat built for the Kelowna Yacht Club, which did not get into operation this year, Monday night asked city council to grant a loan to the club to build a boat to land near the sewage treatment plant. The request was turned down.

The Order of DeMolay asked council to send a representative to their officers' installation ceremonies Saturday, October 5 at 8 p.m. in St. George's Hall, but councilmen said they were not able to attend.

Mayor Parkinson said the group did not go to the new city hall but there were many things on that night.

The Kelowna Yacht Club that visited Kelowna last week sent a letter to council asking the city for its courtesy during their stay. Dr. Carmichael said it was a most valuable trip.

Two first year students, Albert Bette and Nigel Whitehouse, both 18, were awarded the university's class bursaries for \$150 a year for the next year. The new law will run along Poplar Point Drive.

Protesters along Lambert Ave. and Knox Mountain Rd. appealed to council Monday night to help alleviate sewage getting into their basements. The city clerk and the city auditor will draft a letter explaining the city has no responsibility in the matter.

AM. Thomas Angus said he had received complaints of poor ventilation in the police administration building. The city engineer was asked to arrange to have the ventilation filters serviced regularly.

ALD. L. A. N. Petterson told city council the city's 11th annual civic administration day had been set for October 28.

ALD. E. R. Winter said the works superintendent from Summerland had been in Kelowna in the last week to see the results of dredging opposite the picnic area in city park and had gone away impressed with the results.

ALD. Thomas Angus asked if something could be done to expedite the city's contract with Fred Schuller and his boat rental service. Council was told there were three leases to be arranged and it might take time. Mayor Parkinson said a letter be sent Mr. Schuller to cover him until the contract could be drawn up.

ALD. A. J. Treadgold reported the lake level at 100.09, five inches higher than last year at this time.

City council Monday night adjourned until next Tuesday night because of the provincial elections on the regular meeting night.

ALD. E. R. Winter asked council if there was any report from the committees set up to study the advisability of high rise apartments in Kelowna. The matter was tabled for two weeks and if nothing is forthcoming by that time further information will be sought.

The Royal Canadian Legion was given permission to go ahead with their Remembrance Day observances. There will be a business canvass, Monday, October 21 and two tag days on November 8 from 5 to 9 p.m. and on November 9 from 9 a.m. to 5 p.m. The branch reported the 45th annual parade would be held on Nov. 11 at 10:30 a.m.

Final reading was given two bylaws Monday night. One authorized the purchase of a lot at 2208 Lowland St. for \$1,500 and the other authorized the purchase of a lot adjacent to Lloyd-Jones Home for \$4,000.

ALD. E. R. Winter told council there were no money bylaws contemplated for the civic elections on December 5.

## School Tax Question Referred To Incoming 1964 Council

The question of payment of school taxes, collected by the city, came to city council Monday night, but the big question was referred to the 1964 council.

The school board wrote asking if council intended to continue paying the board to operate.

They said the city was now some \$200,000 in arrears and that the 1964 council would be asked to pay the board's arrears to the limit.

City comptroller Doug Herbert told council two cheques for \$50,000 had gone forward to the board very recently and the balance would be paid up well within 30 days.

After Ald. E. R. Winter and Ald. Thomas Angus got into a discussion on the matter, Mayor Parkinson said council would have a leg to stand on.

ACT STIPULATES

If people don't pay their light and water bills on time we take steps," he said. "Council has to have the fact that the Public School Act says down how this money should be paid to the board and we will have to abide by it."

If the provincial government would not pay the school board, we may have to move our tax deadline ahead," he said.

A motion was moved the matter be referred to next year's council, but Ald. Angus moved an amendment that the tax money be paid out in equal instalments. There was no second for his motion.

The referral motion was carried.

## Area Students Win Bursaries

Three Kelowna youngsters were among 12 students from British Columbia granted bursaries to Notre Dame University of Montreal.

Two first year students, Albert Bette and Nigel Whitehouse, both 18, were awarded the university's class bursaries for \$150 a year for the next year. The new law will run along Poplar Point Drive.

Protesters along Lambert Ave. and Knox Mountain Rd. appealed to council Monday night to help alleviate sewage getting into their basements. The city clerk and the city auditor will draft a letter explaining the city has no responsibility in the matter.

AM. Thomas Angus said he had received complaints of poor ventilation in the police administration building. The city engineer was asked to arrange to have the ventilation filters serviced regularly.

ALD. L. A. N. Petterson told city council the city's 11th annual civic administration day had been set for October 28.

ALD. E. R. Winter said the works superintendent from Summerland had been in Kelowna in the last week to see the results of dredging opposite the picnic area in city park and had gone away impressed with the results.

ALD. Thomas Angus asked if something could be done to expedite the city's contract with Fred Schuller and his boat rental service. Council was told there were three leases to be arranged and it might take time. Mayor Parkinson said a letter be sent Mr. Schuller to cover him until the contract could be drawn up.

ALD. A. J. Treadgold reported the lake level at 100.09, five inches higher than last year at this time.

City council Monday night adjourned until next Tuesday night because of the provincial elections on the regular meeting night.

ALD. E. R. Winter asked council if there was any report from the committees set up to study the advisability of high rise apartments in Kelowna. The matter was tabled for two weeks and if nothing is forthcoming by that time further information will be sought.

The Royal Canadian Legion was given permission to go ahead with their Remembrance Day observances. There will be a business canvass, Monday, October 21 and two tag days on November 8 from 5 to 9 p.m. and on November 9 from 9 a.m. to 5 p.m. The branch reported the 45th annual parade would be held on Nov. 11 at 10:30 a.m.

Final reading was given two bylaws Monday night. One authorized the purchase of a lot at 2208 Lowland St. for \$1,500 and the other authorized the purchase of a lot adjacent to Lloyd-Jones Home for \$4,000.

ALD. E. R. Winter told council there were no money bylaws contemplated for the civic elections on December 5.

NOTHING TO IT, DOESN'T HURT EVEN A LITTLE BIT

Four year old Ross Haskins sits on his mother's lap. Mrs. Ronald Haskins of Okanagan Mission while public health nurse Mrs. Joyce Haskins prepares to give him a booster shot. Ross seems to be enjoying the experience, however he is a veteran when it comes to shots. Regular booster shots are held at the South Okanagan Health Unit in Kelowna where babies start receiving a combined injection for whooping cough, diphtheria, tetanus and polio. This is National Immunization Week throughout the country. (Courier Photo)

## Tory Hits Bennett 'For Hiding Facts'

"Childish," is the way Dr. James Marshall described Premier Bennett's treatment of British Columbians at a Progressive Conservative rally held last night at the Rutland Junior Senior Secondary School attended by 13 people.

Speaking on the P.G.E. Railway and the Peace River project, Dr. Marshall said the premier is withholding facts about the feasibility of the Peace River project and the government's financial report on the P.G.E. Railway does not include depreciation of equipment.

"Come right out and say it," said Dr. Marshall, "don't beat around the bush, or lie about the profit." British Columbians can surely accept the fact that the railway is not making money and has to be subsidized, he said.

MANNER INFURIATED

Dr. Marshall said he has an "honest-to-goodness" rage over the policies of Premier Bennett's administration. "The average British Columbian was in favor of the B.C. power takeover, but what infuriated me and every other resident," he said, "was the manner in which the takeover was executed."

"Dave Fulton's logic on the Peace River is absolutely inescapable," said Dr. Marshall, referring to Mr. Fulton's statement he would halt further progress on the scheme until the great cost involved had been justified.

Dr. Marshall went on to say the federal government's highway program has been a "good job well done", but he continued, the proper perspective must be kept, good highways are in evidence all over Canada, and it's been the taxpayer's money, not the Social Credit government, that has made the highways.

SOCIALIST PLANK

Dr. Marshall quoted editorials from all over the world that commented on the premier's takeover of the B.C. Electric. He said the Socialists pulled a good size plank out of the NDP's platform when they made the move, but they pulled the biggest "blooper" in Canadian history by not expropriating the company but confiscating it. He said much support would be lost by the party because of this move.

In closing the doctor said he was not making a lot of promises like the premier's government, my platform is a "statement of intent," he said. "I will carry on in the same manner I use in the laboratory."

## The Daily Courier CITY PAGE

Tuesday, Sept. 24, 1963 The Daily Courier Page 3

## Liberal Hopeful Native of B.C.

Editor's Note: This is one of a series of stories on candidates in the September 30 provincial election. The stories are designed to tell the voters about the background of each party's representative. They will be used in reverse alphabetical order.

Arthur Parsons Dawe, 61, a native British Columbian and well known in public affairs in Kelowna, is the Liberal candidate for South Okanagan constituency in the September 30 provincial election.

Born in Vancouver, Mr. Dawe completed his primary and secondary education there before going to the University of British Columbia.

After two years at UBC he left to join the merchant marine in 1929 and served at sea until 1932. At that time he was second mate on a cargo steamer plying the coastal water between B.C. and California.

WINS SWEEPSTAKE

In 1929 he went into the garage business in Vancouver and then in 1930 he won the last of the large sweepstakes.

Following an extended holiday, Mr. Dawe returned to UBC completed his BA and then articulated in law in Victoria from 1934 to 1940.

Enlisting in the navy in the early part of the war he served as a lieutenant (RCNVR) on corvettes until 1942.

Called to the bar of British Columbia that year, he practiced law in Victoria until 1955 and in March 1956 he moved to Kelowna.

Mr. Dawe and his wife Ann, whom he married in 1956, both have children by former marriages. Arthur, 30, Peter, 26, Brian 22 and Michael, 13.

POLITICALLY ACTIVE

Mr. Dawe has been active in politics most of his life and has served the Liberal party as candidates' campaign manager almost continuously since 1934.

In Kelowna he is a member of the higher education committee, president of the Okanagan College Society, and for the past year has been president of the South Okanagan Liberal Association.

Mr. Dawe headed a mayor's committee to study and report on the feasibility of establishing a recreation commission in the city to combine a number of groups under one head. He wrote the report that subsequently resulted in the formation of the present commission one year ago.

PREPARES BRIEFS

He was most active in preparing briefs to be presented to Dr. John B. Macdonald, president of UBC when the latter was conducting his hearings into the requirements of higher education in B.C.

"I have been active in politics for a long time," said Mr. Dawe, "but it is only recently I considered running for election. I feel this province is being sold down two rivers and I cannot stand by without trying to improve the situation. Being a native British Columbian I feel I have something to contribute. That is why I am standing for election."

A. P. DAWE

## Five Books Recommended, New Additions To Library

Of a selection of books received in the Okanagan Regional Library, this past week, five of these have been recommended as interesting and entertaining by the library staff.

A further instalment in the lives of the Larkin family presents a few more hilarious situations in the book "O to be in England?" by H. E. Bates.

The lives of a dozen people who live on an isolated island off the coast of Wales is described with great charm by Brenda Chamberlain in her book "Tide-race".

Lawrence Wright, the author who gave a history of the bath and bedrooms now turns his attentions to beds and bedrooms. It is an extremely funny

some of social customs throughout history. The book is titled "Warm and Nasty".

"Marie Bonnard" by Alice Ekert-Rotholz is a novel about the effect of how the disintegration of the character, due to drug addiction, affects the lives of her family and those all about her.

The biography of Rosa Lewis depicts how she rose from obscurity, to become a well known personality and confidante of many famous people. The book to ask for is "Rosa" and was written by Michael Harrison.

## Police Active On Accident Scene

Police said an accident resulting in \$450 damages was reported at 3:20 p.m. Sunday at Pandosy street and Morrison avenue. Nell McKinnon, Kelowna, was driver of one car while the other was driven by Allan Charles Guy, Lakeshore road.

Ralph Kirschner, Kelowna, and Daniel Holland of Vernon were involved in an accident which resulted in a passenger in the Holland car being taken to hospital for treatment of cuts. The accident took place at Clement Ave. and Glenmore St. on Sunday. Damage to the vehicles was approximately \$1,000, said police.

Valley Builders, Ellis street, reported a six-volt battery valued at \$25 was taken from a jeep on September 21.

A desk clerk at the Capri Motor Inn reported a hit and run accident on September 21. Upon investigating the accident police found Ken McKenzie of Vancouver was driver of one car involved. The other car was owned by Mervin Pappas of Rutland.

A crash involving two cars driven by Earl Angus Olson of Rutland and William Baran of Rutland was reported at 2 p.m. on September 20, on Highway 97 on the Barlee stretch. Police gave no estimate of damages,

## Variable Clouds Weather Fare

A storm which brought rain and gales to the north coast last night is weakening as it moves south eastward.

Fairly general rains are expected over northern B.C. while only variable cloudiness is in store for the Kelowna forecast area.

The Vancouver weather office predicts light southerly winds for the Okanagan and interior areas increasing to 15 miles an hour late this evening. Low to night and high Wednesday will be 42 and 72.

Monday, in Kelowna temperatures rose to 71 from an overnight low of 42 with a trace of rain. A year ago today, the mercury climbed to 73 from 41 with no precipitation recorded.

## Woman Convicted On Obstruction Charge

A false statement concerning an accident made to the RCMP resulted in an expensive day in police court, Monday, for Mrs. Lumina Maria Koski of Vernon.

Magistrate D. M. White presided.

Mrs. Koski entered a plea of not guilty to a charge of obstructing the course of justice.

After the evidence had been placed before the court she was found guilty and sentenced to one day imprisonment, given a \$200 fine and placed on one year probation to keep the peace.

## Magistrate's Court Monday Hears Nine Liquor Charges

A plea of guilty of intoxication was entered by nine people Monday in police court, before Magistrate D. M. White.

Alexander William Tees and Walter Grossfortner of no fixed address and Lawrence Marshall of Chase, were charged with intoxication and fined \$15 and costs.

A charge of intoxication and a fine of \$25 and costs went to John Wells, Roland Pellepler, Fred Ingle, no fixed address and Graham Kennedy, Kamloops.

William Alton of no fixed address and Edith August, Winfield, were charged with intoxication and fined \$50 and costs.

Possession of an unregistered firearm in a dwelling house brought a fine of \$25 and costs to Cameron Wilde Taylor of 320 Strathcona Avenue.

Earl Angus Olson, R.R. 5, received a fine of \$25 and costs for failing to yield the right of way.

A charge of no muffler last year brought a fine of \$15 and costs to Joseph George Felker of no fixed address.

Driving contrary to restrictions and overload was the charge to Victor Ross Doherty of Okanagan Mission. He was given a fine of \$15 and costs for the restriction charge and \$50 and costs on the overload charge. All pleaded guilty.

Anne Palegian and Peter Conrad Palegian of Vancouver entered a plea of not guilty to a theft of under \$50. They were remanded until September 30 for trial.

ROCK SHOW

Centennial Hall on the afternoon and evenings of October 4 and 5, will be a place of great interest to all rock hounds.

Dave Crane, rock show chairman of the Rotary Club said today. The show contains American and Canadian exhibits and is expected to be better than

## Seven Persons Fined In Saturday Court

Magistrate D. M. White had six charges of intoxication before him Saturday. Ambrose Doyle of no fixed address was fined \$25 and costs, Gerald Wells, no fixed address paid \$25 and costs, Albert Houston, no fixed address, \$25 and costs, Alfred Berard of Kelowna \$25 and costs and \$15 and costs going to both Arnold Jones no fixed address and Emma Jones, no fixed address.

Indecent exposure cost Dennis Joseph Kimball of no fixed address \$50 and costs.

## BRIDGE ACCIDENT

A motor vehicle accident was reported to police at 12:30 a.m. Saturday. Kenneth Solmer, of R.R. 3, Kelowna, stopped for the lift span of the Okanagan Lake bridge and backed into Donald McIlven of R.R. 4, Kelowna. Total damage was approximately \$150, police said.

## WHERE YOUR COMMUNITY CHEST DOLLAR GOES - XII

## Navy League Develops Boys' Skills

Editor's Note: At the month end the annual campaign for funds for the Kelowna Community Chest will begin. In an effort to explain to those who will donate, how their money is used, The Daily Courier, with the assistance of the Chest publicity committee, continues its series of stories covering the work of each agency.

Prepared by the public relations committee, Kelowna and District Community Chest.

This coming year the Kelowna Branch, Navy League of Canada, will not participate in the distribution of funds from Community Chest. However, they will remain a member of Chest and, if required, will be eligible to receive a grant in 1965.

This is not an unusual situation for the Navy League in Kelowna. Over the past few years the League's allotment has been on a variable basis, ranging upwards from a high of \$850 five years ago. In 1960 they also operated without a Community Chest grant. This year they received \$700.

However, after careful consideration they determined they would require no public funds for the operation of the Sea Cadet Corps during 1964.

This was subject to the contingency they be granted up to \$100 should their plans to set up a Wrenette corps prove successful. This was recommended by the Chest budget committee, provided such money, if granted, "would not be included in the budget but as a contingent debt to the exigency fund."

All funds received by the Navy League from Community Chest go towards the operation of the Sea Cadet Corps, the RSCC Grenville Corps.

This is an organization designed, first, to give a boy discipline and a sense of responsibility and, secondly, to develop certain skills which may, if he wishes, assist him to establish himself in a naval career. Naturally, too, there will be fun for a boy, in various events in which the cadets participate and in the comradeship enjoyed with the other members of the corps.

It is not a government organization, nor one that has any sort of sponsorship through the defence department. Qualifications received, however, are recognized by the navy and naval "scholarships", of a sort, are extended to cadets attaining high standards in their exams. These may take the form of training courses at naval establishments on either coast, or cruises on naval vessels.

The Navy League, itself, is older than the Canadian Navy, having been formed in 1909. It is the first World War

the League began giving boys training designed to fit them for service in the merchant marine. This was the beginning of the present cadet corps.

The Kelowna corps began last year with 35 cadets, rose to a high of 44 and levelled off to 40 boys in April. Two of the boys moved out of town and two others reached the age limit.

Training and operation of the corps is under the direction of Grenville's commander Lt. Jim Hemmstreet. He is assisted by Lt. Roy Greening, Lt. Don Gale and Lt. Ken Carlson. The band is under the direction of S/Lt. George Polpras.

Organization and administration of both the Navy League's Kelowna branch and the cadet corps is the responsibility of a joint executive committee with Ron Williams as president; Larry Preston, vice-president; and Jack Thorne, secretary-treasurer.

## City Adopts 11 Suggestions Of Traffic Advisory Committee

The traffic advisory committee Monday night made 11 recommendations to city council and all but one was passed.

When Ald. Thomas Angus presented the suggested "No Parking" signs be set up on the west side of Pandosy street from Leason avenue to Harvey avenue, many of the aldermen took exception.

"Why not just from the lane to the corner of Harvey, parking space is valuable," said Ald. E. R. Winter.

"You're only cutting out two parking spaces," said Ald. C. M. Lipsett.

NEED LOADING ZONE

"You would need a loading zone in front of the apartment block on that corner," said Ald. Jack Bedford.

"But you're not parking if you are unloading," said Ald. Lipsett.

"Is that to be continuous?" asked Ald. Bedford.

"Twenty-four hours a day," said Ald. Angus.

Mayor R. F. Parkinson complimented the committee on its efforts to relieve rush-hour congestion at Harvey and Pandosy but wondered if the change couldn't be left until an overall survey of traffic is completed with the help of the department of highways.

"We have a certain number of automobiles to move and the public have to learn to live with it," said Ald. Lipsett. "They are going to pile up at rush hours, and it happens in every city."

TWO LANES

Ald. Winter was of the opinion there was room for two lanes of traffic as well as a parking lane in that area.

"I am against knocking out parking spaces, for it devaluates the land opposite," he said. "Many cities are now following our lead of having no meters. Downtown, on-street parking is very important to a city."

Ald. Bedford looking ahead to the time parking might be taken off Harvey avenue, said the regulation under discussion would cut off parking all round the apartment block on the corner.

"There is plenty of parking space behind the apartment block," said Ald. Angus. "They get to it by going through the lane."

the same area they recommended parallel parking be instituted on the west side of Ellis street from Cawston avenue north to Coronation avenue.

Six further recommendations dealt with Smith Ave. from Water to Ellis St. to allow movement of trucks backing into industrial places.

## District Artist Displays Work

Miss Mary Bull of Okanagan Mission will be exhibiting some of the work with the work of Janet Mitchell, prominent Prairie artist. The work will be on display from Sept. 24 to 30 at the Jubilee Pavilion in Penticton.

Miss Bull is vice president of the Kelowna Art Exhibit Society.

She studied for one year at the Vancouver School of Art, two years at the Ontario College of Art and eight months at Heather School of Art in London, England.

She also studied with Jan Zack, the Czechoslovakian artist in Victoria. She has spent the last three winters in Mexico at the Instituto Allende at San Miguel d'Allende.

## CHAMBER MEETS

The Kelowna Chamber of Commerce will hold a regular meeting today at 4:45 p.m. at its office on the west side of the lake.

## Canada Pension Plan Needs A Second Look

It had been hoped that the Pearson government after its hasty, all-conceivable and disastrous budget, would pause and take a second look at its proposed pension plan. However this does not seem to be the case.

It is quite understandable that the government would like to push through its pension plan as it was one of the main planks in its election campaign. The Liberals deserve all the credit in the world for wanting to honor their election promises.

However, following the announcements of the details of the plan, it was evident that here too, like the budget, the scheme was made too hastily and without sufficient research. The Liberals have promised a good deal more than they should have.

If the plan goes through as intended, it could have a profound and dangerous repercussion on the economy of the country.

Under the plan the government is proposing to pay higher pension benefits than are paid in the United States for less tax cost. And this despite the fact that the average income in the United States is one-third larger than in Canada. This just does not make sense.

Moreover, if the experience in the United States is any criterion—and it should be—the proposed cost is set much too low. The cost is expected to start at two per cent of the first \$4,000 of annual income of each person. One per cent is to come from the individual and one per cent from the employer. But the United States social security plan started at two per cent, is now seven per cent and soon will be over nine per cent. The cost of the Canadian plan can be expected to rise at the same rate at least.

This would mean that the younger people, paying on a rising scale, would find the plan a costly one. They would be hit hard before they reached the age to receive benefits.

Another drawback to the plan would appear to be that it will reduce Canadian investment capital at a time when the government itself is suggesting that Canadians should invest more in Canadian enterprises to eliminate the foreign control of our major industries.

The Canadian payroll is somewhere around \$20 billion a year. Two per cent of this would mean about \$400 million. If we understand the government proposal correctly, this money collected in taxes each year would be used to pay the pensions of that year. It would go to elderly people, most of whom are no longer interested in investments.

This simply means that Canadians would have \$400 million a year less to invest in Canadian industry.

In a normal pension plan, the premiums are funded, that is invested so that the revenue produced would take care of the pensions payable in the future, without impairment of capital. Under the government scheme the pension tax would not be funded so Canadian investment capital would be just that much less.

The Canadian voter, we think, would not blame the Pearson administration much if it paused and took a good second look at its proposed scheme. Like the budget, a change in the plan might be embarrassing for the government, but it is better that the government be embarrassed today than the country be saddled for an indefinite period with a scheme that is costly and actually detrimental to the country. The Canada pension plan certainly needs a second look.

## 10,000 Words A Minute!

America is the land of marvels, prodigies and geniuses and the news that there has arisen in Pittsburgh a school student who can read 10,000 words a minute in no way surprises us. It is nature's response to the threat of automation. In the near future we expect to see many more students romping through their textbooks at the rate of 10,000 words a minute and it will be a poor student who cannot hit the 5,000 mark.

The rate, of course, will have some correlation with the matter. Just as our computers have to be fed the right questions so the candidate for speed records in reading must be fed the appropriate material. This 17-year-old was tested on a magazine story about Alexander the Great. Presumably he had met with Alexander in his class work but supposing he had been given the report of Mr. Strachan's announcement on his proposed medicare plan? Is it possible that he would be able to reproduce this correctly? Hardly likely when other experts read them and can't. Certainly he would meet terms there that his built-in automatic computer had never met before.

## Bygone Days

10 YEARS AGO

September 1953

Appeal of Grace Baptist Church against refusal of a building permit to erect a new church at 630 Bernard avenue, immediately east of the Christian Science Church at Bertram, was upheld by a court of appeal last week.

20 YEARS AGO

September 1943

Ending a work stoppage that they had commenced on Friday morning, 34 employees of the Kelowna Sawmill Co. went back to their jobs on Monday morning and on Tuesday were followed by 75 of the staff of S.M. Simpson Ltd. On Tuesday evening officials of the companies met representatives of the groups to commence collective bargaining.

### THE DAILY COURIER

30 YEARS AGO

September 1933

Alderman Owen Lewis Jones, of Kelowna, is the standard bearer of the Co-operative Commonwealth Federation in the South Okanagan riding, assuring a three-cornered fight in this constituency in the forthcoming election.

40 YEARS AGO

September 1923

The market confronting the sale of crabapples this year has been unprecedented and on that account very difficult to foresee the conditions that now prevail.

50 YEARS AGO

September 1913

A general discussion on lighting systems occupied the attention of city council for some time, and the members were agreed that the city must install a modern system as soon as possible.

## In Passing

Inconsistency: The person who says a third world war is unthinkable is thinking about it.

A man and his wife are bound to fuss when he's trying to quit smoking and she's on a thinning diet.

The gravitational force that causes a person to fall in love exerts all its pull on the heart—none on the head.

I don't know which is the busier: a hen with one chicken, or a woman trying to marry off her daughter.

It rarely pays to argue, and it certainly doesn't pay to risk losing a friend by winning an argument with him.

PILING UP

## British Built Up Colombo Now Being Squeezed Out

COLOMBO, Ceylon (AP) — Ceylon is a beautiful tropical island. For centuries it grew rice and coconuts without much trouble. The climate demanded little clothing or shelter. Living was easy.

Entered the British merchant, behind British soldiers and a governor. British investors poured capital into developing exports like tea, rubber and coconuts.

To handle exports, the British built Colombo into a thriving modern commercial city. Big import-export companies, banks, insurance companies and oil companies were established with foreign capital. One of the best international communication systems in Asia was built mostly with taxes from the foreign companies.

Today the economy of independent Ceylon depends upon what private British investors developed. But many British and the handful of other foreign businessmen are being driven out.

The government of Mrs. Sirima Bandaranaike, the world's only woman prime minister, has taken over some of the economic fields formerly dominated by the British. The pace seems to be accelerating.

Whether it will end before all British business interests have been forced out is the question being discussed in parliaments, offices, clubs and restaurants. The British still have 450,000 acres of tea and 150,000 acres of rubber.

Life insurance was nationalized several years ago. After Jan. 1 the 25 British insurance companies cannot write any other kinds of insurance either, halting a business for them of about \$300,000 a year.

A state trading corporation is being established that might eventually take over, by law, the profitable import-export business.

SANDY'S VISIT

British Commonwealth Secretary Duncan Sandys recently visited Colombo to discuss insurance, oil and other problems with Finance Minister T. B. Langaratna. Ceylonese sources said Langaratna did not yield an inch in his stated intentions about oil and insurance.

Langaratna has been quoted many times by Colombo newspapers as threatening to nationalize tea estates. They are the backbone of the British state here, both in terms of investment and in dependence of British banks and export companies on the tea trade.

Each time he is quoted as making this threat to some country political corruption, Langaratna denies it. But the cumulative effect on the British community here is a feeling that the time will eventually come.

ARRREST SUSPECT

KIEL (Reuters) — A senior West German police officer has been arrested on suspicion of having been the head of a Nazi "operation command" which carried out illegal executions in Russia during the war, the Schleswig-Holstein state government said Monday night. A spokesman said the arrested man, Waldemar Krause, 55, is district chief of police in Flensburg.

NOTE TO MRS. E. S. J. If your husband "craves" lemon juice, let him drink it. It contains a lot of Vitamin C. Disregard completely the nonsense from your neighbor that it will "dry up the blood."

Dear Dr. Molner: Is breast-feeding detrimental to a woman's figure?—Mrs. J.

No. Where sagging has been the complaint, this seems to be due to loss or increase of weight rather than breast feeding.

NOTE TO MRS. E. S. J. If your husband "craves" lemon juice, let him drink it. It contains a lot of Vitamin C. Disregard completely the nonsense from your neighbor that it will "dry up the blood."

## OTTAWA REPORT

### Farmers' Voice Loud And Clear

By PATRICK NICHOLSON

The voice of the farmer is heard on Parliament Hill louder and clearer than the voice of the union member, the voice of the have-not and backward provinces is stronger on Parliament Hill than the voice of prosperous Ontario, B.C. and Alberta. A quarter-million Canadians living in rural Ontario send six MPs to Ottawa; a quarter-million Canadians living in the small communities of Saskatchewan send six MPs to Ottawa; but a quarter-million Canadians living in highly industrialized suburban or Toronto may only send one MP to Ottawa; and a quarter-million French-Canadians in Montreal's most crowded riding may only send one MP to Ottawa.

These are some of the grotesque inequities in our present parliamentary representation which are crying out for correction. And this they will get. Prime Minister Pearson has announced his intention to introduce legislation soon after parliament resumes at the end of this month to set up machinery to examine and recommend possible redistribution of our voting districts.

Apart from Yukon and the Northwest Territories, probably every single constituency in Canada will have its boundaries redrawn.

Our constitution takes account of the growing nature of Canada and the certainty that throughout our period of development there will be a steady growth in our total population, coupled with substantial movement towards the faster growing areas. Thus after each 10-year census, the representation of provinces and the boundaries of constituencies are liable to be changed.

Hitherto there have never been any ground rules for such changes, which have been made by parliament and have largely been at the whim of and in the interest of the party forming the government. But now the law

difficult to pin down because quotations depend on whether capitalized value of present federal or other taxes of calculation are used. One estimate is that the British still have 450,000 acres of tea and 150,000 acres of rubber.

FIRST ACTION

The first major government action was against the three western oil companies, one of them British and two American. They have to stop retail sales by Jan. 1.

Foreign banks—five British, two Indian and one Pakistani—continue on to King's Place. They have been limited on taking new accounts from Ceylonese. They are now under pressure to make more loans to small Ceylonese businessmen instead of concentrating on financing the foreign trading community here. Behind this pressure lies a threat of nationalization.

Life insurance was nationalized several years ago. After Jan. 1 the 25 British insurance companies cannot write any other kinds of insurance either, halting a business for them of about \$300,000 a year.

A state trading corporation is being established that might eventually take over, by law, the profitable import-export business.

NOTE TO MRS. E. S. J. If your husband "craves" lemon juice, let him drink it. It contains a lot of Vitamin C. Disregard completely the nonsense from your neighbor that it will "dry up the blood."

tion is to change all that. Chief Electoral Officer Nelson Cameron has recently been studying how other countries effect redistribution, and also how other countries maintain permanent electors' lists. This second point is very important, because our practice of compiling the electors' lists after parliament has been dissolved compels us to endure election campaigns running for about 60 days. But if we always kept lists as being, the campaigns could be reduced to about three weeks.

This however is not the first change we will see. Before that, we are likely to see independent commissions set up to redraw the boundaries of constituencies. This will put and end to the political gerrymandering which has dominated past redistribution, so that constituencies have been created uneven in population and irregular and inconvenient in size with the special objective of facilitating the election of candidates supporting the party in power.

IMPARTIAL DECISIONS

It would take one commission too long to cover all of Canada. So there will probably be different commissions set up for each area. Each commission would probably include a judge from a local superior court, an appropriately experienced university professor from the district, and the chief electoral officer of the province concerned.

If the legislation establishing this machinery is passed before Christmas, the commissions could be started early in 1964, and submit their reports to parliament at the beginning of the 1965 session. Thus the new electoral map of Canada could be used in a general election taking place, say, subsequent to Easter 1965. Any earlier election would have to be based upon our present unfair distribution, which gives an unduly loud voice in our government to our less dynamic areas.

## Lone Man Fights To Save Lepers

ABOKUTA (AP) — A lone, dedicated Englishman is fighting a dread disease as well as poverty and the apathy of the area to bring new hope to a colony of lepers on a barren island in western Nigeria.

When 15-year-old John Lakin climbed the ladder strewn across the beach to reach the colony he found 100 lepers living there almost like animals, in dirt and despair.

That was less than a year ago. Today there is a new spirit of industry and enterprise in the mud-walled leper village of Abokuta.

"There is still much to be done," said Lakin. "But now the people are beginning to help themselves. That is the most important change that has come about here."

"When I first arrived the village was squashed with dirt and rubbish. I found people just sitting around waiting abjectly for death."

"I spent hours talking them round to my way of thinking. Then gradually they began doing things for themselves."

Six years ago Lakin was a tool-maker at an auto plant in Birmingham, England.

"I was on holiday and stopped near Salisbury," he recalls. "I got chatting with the vicar and asked him how I could do a

bit of good in the world. He pointed to three collection boxes. They were for the lame, the lepers and the blind."

"They all need help," he said. "Just take your pick. I chose the middle box. It was for lepers."

Lakin threw up his job and came to Africa five years ago. Since then he has worked in leper colonies.

Lakin formed a council of elders to administer the leper colony here. Then all those who could work were given a community task. Everyone subscribed one shilling a week to a community development fund.

The Congregational church at Pondera End, Middlesex, has adopted Abokuta and regularly sends donations. The British Leprosy Relief Association and other charity organizations also send money.

Land belonging to the village has been taken back and cotton, tomatoes, beans, sweet potatoes and yams planted.

Only a dozen people in the community can hold a hoe. The rest have had toes and fingers eaten away by leprosy. Some have lost entire limbs. Four are blind. Some are gradually regaining the use of their fingers. Leprosy can be cured now by the drug dapsone but treatment is long.

## TODAY IN HISTORY

By THE CANADIAN PRESS

Sept. 24, 1963 . . .

Six boxes of gold bullion worth \$215,000 were stolen 11 years ago today—in 1952—from an unguarded building at Malton Airport near Toronto. The gold, awaiting air shipment to Montreal, was never found but investigations indicated it had been flown in a private aircraft to New York. It was then believed to have been smuggled to Hong Kong and eventually to Communist China.

1916—The Krupp works at Essen, Germany, were bombed by the French.

1947—Twelve men died when the steamer Milverton and the tanker Translink collided in the St. Lawrence River.

## AROUND TOWN

Strings of varicolored lights are strung on the road and over the patio at the Kelowna Golf and Country Clubhouse for the day's golf.

So far, Efrén Prieto and his wife have not reaped the material benefits that came to Canada's Dionne quintuplets after 1954 or that have already arrived for the American Pitter quintuplets, born in South Dakota Sept. 14.

The world's other set of quintuplets, the Diligentis of Argentina, were born in 1953 into a wealthy and aristocratic family and have avoided the glare of publicity.

Efrén Prieto has already started sorting out the complications which governed his life with his five children, born before she gave birth to five boys Sept. 8.

There were the 10 children of his two previous families, four of them five children, his mother, mother-in-law, and himself.

There were the 10 children of his two previous families, four of them five children, his mother, mother-in-law, and himself.

### ROYALTY RETURNS TO LONDON

Queen Elizabeth and her daughter Princess Anne, 13, drove from King's Cross Station in London Friday after arriving from Balmoral, Scotland. The princess has been enrolled at Benenden, an expensive girls' school, 20 miles from London. This was the Queen's first visit to London since it was announced that she expects a baby next year.

### A MOTHER CRIES

Tears stream down the cheeks of Mrs. Claude A. Wesley as she leaves the funeral services held Thursday for her 14-year-old daughter, Cynthia, who was killed in the September 15 bombing of the Sixteenth Street Baptist Church in Birmingham. Three other negro children were also killed.—(AP Wirephoto)

### Black And White Mingle But Peace Reigns In This School

ROANOKE, Va. (AP)—The sight of two boys kicking a football across a play area to the joyous shouts of other playing children isn't any different at Melrose Elementary School than at hundreds of schools across the U.S.

But in the racially-troubled South, where violence often accompanies school integration, there is a difference. One of the boys thumping the football is white. The other is a Negro.

WORK WITH U.S. Some 1,000 Danish blood donors are participating in research by American doctors on the frequency of goiter and Buerger's disease.

NEES HARMONY Principal Redford sets the

explanation for the school peace and harmony in the neighborhood where whites and Negroes live side by side.

### ANN LANDERS

#### Plenty Of Dates But Never A Girl Friend

Dear Ann Landers: I am a girl almost 17 who has an unusual problem. I have boy friends galore. I could have two dates every single night in the week if I wanted them. And I'm not what you would call beautiful either. I just seem to attract fellows. It's been this way since I was 13.

My problem is I don't have one girl friend to my name. Girls just don't like me, Ann. I feel badly about this although I try not to show it. But I would gladly give 20 boy friends if I could have just one girl friend who actually likes me.

Can you help me? I don't recall ever having seen this problem in your column before. Thank you.—HALF LONELY

Dear Lonely: The best way to get friendship is to give it. You have probably shied away from girls and behaved indifferently toward them because you assumed they did not like you. And quite naturally, these girls reacted to your coolness.

When you are next in a group of boys and girls make a special effort to pay attention to the girls instead of the boys. Warmth begets warmth—as you will see.

Dear Ann Landers: I wrote you in May about an unfaithful husband. I took your advice and things seem to be a great deal better. Now I have another problem.

I recently learned that the two paintings hanging in our living room were done by this other woman and not a gift from a business associate as my husband told me when he brought them home. I have always liked the paintings and they have hung in our home for almost four years. Now that I know who did the paintings I get sick to my stomach whenever I look at them.

Last night I told my husband

how I felt and he said I was being childish—that he liked the pictures and that I should let them hang. He swears the affair is over between him and this woman (and I have every reason to believe him) and that therefore removing the pictures would be silly.

May we hear from you on this?—BUTTERFLIES IN MY BRAIN

Dear Brain: People often move art when they redecorate. Doesn't your living room need new wallpaper or paint? Aren't you tired of the furniture in the same place for four years?

Perhaps it's time to move things around a little. Those paintings might look better in the hall for a few weeks—and then in the attic.

Dear Ann Landers: I need an older person to tell me what to do and it can't be anyone you knows me, so you are elected.

I am a 14-year-old girl who is from beautiful but I have lots of friends. Three weeks ago my mother's step-brother, Joe, moved to this city to go to work for my dad. This step-uncle is about 33 years old. He was married seven years ago but is divorced now.

Uncle Joe is staying in our house and I wish he would get out and find a place of his own. He is always pawing me and pulling me on his lap. Whenever he sits next to me he tries to hold my hand. Last night he tried to talk to me about some very personal things which are none of his business.

I told my mom this morning that Uncle Joe is fresh and she said the trouble with teenage girls today is they all think they are Elizabeth Taylor and that every man is after them.

I am NOT imagining things. Please help me.—DOLLY

Dear Dolly: In time your Uncle Joe will do or say something

### NOT FOR AVERAGE TEEN

For the average teenager, however, his parents had better not permit a charge account. It often encourages extravagant and irresponsible purchasing by the child.

A growing practice, with economic and character hazards, is that of letting children, even in the early elementary grades, charge things at the candy store near the school, even in the home neighborhood.

The keeper of the store, knowing the parents will make good on any such purchases, may encourage the child to charge things. He considers it good business promotion. He's unconcerned about what happens to the child thus encouraged to buy excessively without feeling personally responsible. How will this child be able to adapt himself well to a budgeted allowance from his parents?

### OVERDOES IT

This child may be tempted to buy extravagant amounts of sweets just to show off to other children who have less money or are not permitted to charge things. He even may begin to treat some of these children. Besides, the child himself will be tempted to eat and drink far too many sweet things and thus impair his health.

Parents wisely encourage their children not to spend money for sweets from the "free" portion of their allowance. But a command that they not make such

which is unmistakably out of line. When he does, go to your father and your mother—and give him a good scolding. In the meantime stay plenty alert and do not remain in the house with him unless another adult is present.

### RHEUMATIC PAIN

Do you long for relief from the agony of rheumatic and arthritic pain? Thousands get speedy relief from their suffering by using T-R-C's. Don't let dull aches and stabbing pains handicap you any longer. Try TEMPLETON'S T-R-C's. Only 80¢ and \$1.00 at drug counters everywhere.

For extra fast relief, use Templeton's FLAME-Cream Unimproved in the cotton bottle externally, while taking T-R-C's internally. FLAME-Cream, \$1.25.

ALD. TELLES  
... good meeting

## Libraries' Budgets Going Up

VERNON (Staff)—In his regular report to council Monday night, Ald. Frank Telles informed members of the recent budget meeting of the Okanagan Regional Libraries Association.

He said much had been accomplished during the meeting, with this year's budget being out by some \$20,000, but there was still a per capita of \$1.30 compared to the previous per capita of \$1.15.

"If the municipalities would absorb the cost they currently charge, then it would be possible to cut the per capita total to \$1.25," he said.

He attributed one reason for the increased budget to older librarians leaving and being replaced by professional librarians, who in turn are being paid higher salaries. Another increase was the longer operating hours of some libraries compared to the past. "Vernon for instance, is open 24 hours a week now and this time is going to be extended to 36 hours a week," he said.

He advised council the current budget revision total was not final and the board hoped to get another estimate to either approve or disapprove.

## Macs Color Up "Quite Well"

VERNON (Staff)—District agriculturist M. G. Owell said today the McIntosh apples are coloring up quite well, and this variety should be completely harvested by the end of September. "There have been no reports of this variety of apple dropping," he said.

Harvesting of McIntosh will be followed by the Spartan and Delicious varieties.

Picking of field tomatoes continues for processing, said Mr. Owell, and there has been a "good crop of good quality."

## John Howard Group Meet Wednesday

VERNON (Staff)—Directors of the Vernon and district branch John Howard Society will hold their regular meeting Wednesday, at 4 p.m. in the JHS offices.

The agenda will include minutes, correspondence, announcements, reports and new business.

## Cartels Cash In On Japan's Boom

TOKYO (AP)—Japan's booming economy is coming increasingly under control of hundreds of legal price-fixing cartels, a report disclosed today.

The report was submitted by Kikuzo Watanabe, fair trade commission chairman, to a government committee studying rising prices.

It showed that the number of cartels grew from nearly none in 1933 to 854 by the end of March. Some 213 fields of business activity were involved.

Price fixing by common agreement now involves businesses ranging from steel making to hair-cutting, the report said.

It said that in manufacturing industries 336 of 1,748 products are subject to cartels. This accounts for 28.04 per cent of total production at a net worth of \$11,000,000,000.

# Vandals Wreck Cabins Causing \$1,000 Damage

VERNON (Staff)—Twelve summer cabins, located at Logan's Beach on the west side of Okanagan Lake, approximately 12 miles south of Vernon, were broken into during the last few days, with damage estimated at over \$1,000 to the buildings. Numerous articles were also stolen.

McClair said today they have apprehended several juveniles. The cabins have been used by

their owners during the summer and have not yet been closed for the winter. All were properly locked. Sleeping bags, bedding, canned goods, are among the items stolen; screens were shot, windows smashed, mirrors broken and other types of vandalism were reported. Most of the damage and the glass were discovered Monday, said RCMP.

The summer cabins at Logan's

Beach cannot be seen from the road, and according to RCMP some of these cabins have been broken into before.

## Wedding Ceremony At Enderby

ENDERBY (Correspondent)—St. Andrew's United Church, Enderby, was the scene of the wedding of Eva Hellybell Davidson, daughter of Mr. and Mrs. Henry Davidson of Deep Creek, and Clarence Arthur Fife, son of Mr. and Mrs. Carl Fife of Armstrong. Rev. Tom Mercer officiated.

Given in marriage by her father, the bride wore a street-length wedding dress of white nylon lace over satin. The skirt was two-tiered and fitted around the waist with a satin cummerbund. Her lace jacket was fastened with lily-of-the-valley sleeves, and her shoulder-length veil was held by a wedding ring corsage. She carried a bouquet of pink roses and a box of pink roses.

Mrs. Wally Parkinson of Salmon Arm, was matron of honor, and bridesmaid was Miss Diane Baird of Enderby, a cousin of the bride. Flower girl was Miss Margaret Baird of Enderby, also a cousin of the bride.

Arlie Sturt of Grandin, was best man and ushers were Meredith White of Armstrong and Louis Yukman of Deep Creek.

The matron of honor wore a street-length dress of yellow nylon with lace, and the bridesmaid wore a street-length dress of pink tulle. Both carried bouquets of pink roses. The flower girl wore a dress of turquoise nylon and carried a basket of lily-of-the-valley and carnations. The three attendants all wore matching head bands of pink fabric roses.

Following the ceremony a reception was held at the Deep Creek hall with some 200 guests attending.

For her going away ensemble the bride wore a blue brocade suit with white accessories and a corsage of pink roses.

Following a short honeymoon trip, Mr. and Mrs. Fife will take up residence at the Flying U Ranch, 70-Mile House, where both will be employed.

## FIRE HAZARD IN FOREST LOW AS SEASON DRAWS TO CLOSE

VERNON (Staff)—Forestry official in Vernon said today the hazard is now low as the 1963 forest fire season draws to a close.

There have been no forest fires in the Vernon district for at least three weeks. Lookout men left their summer watch towers for civilization last Tuesday. In this district they are: George Ogilvy, lookout man on Silver Star mountain; Joe Hambrook, Tut lookout, west of Falkland; and Sid Draper, Sugar Mountain, Lumby.

Estimated cost of forest fires to date this season in the Kamloops forest district, which includes the Okanagan and Cariboo is \$111,600. There were 13 forest fires in the Kamloops district last week. Province-wide, firefighting costs this season have totalled \$389,800.

## Bishop Coleman Officiates In Ordination Of Deacon

VERNON (Staff)—The Rt. Rev. W. R. Coleman of Kelowna, Anglican Bishop of Kootenay, Sunday night officiated at the ordination in All Saints' Church, Vernon, of John Henry Costerton as a deacon.

Mr. Costerton was presented by the Rev. E. S. Somers, rural dean.

Rev. Mr. Costerton, 28, was born in Vernon. His parents are Mrs. Hilda Costerton, PHN, of Ladner, and the late John Costerton. He was educated at Vernon Preparatory School and

Vernon public schools, is a graduate of Vernon Senior High School, of the University of B.C. and the Anglican Theological College. He attended All Saints' church since childhood.

Mr. Costerton is on two years leave of absence from the diocese of Kootenay, and in mid-October will take up his duties as assistant to the Rev. Charles Bishop of Christ Church, Edmonton.

At the reception in All Saints' Parish Hall following the service, the pastor, Rev. C. E. Reeve was chairman. Rev. Mr. Costerton was chairman. Rev. Mr. Costerton was chairman. Rev. Mr. Costerton was chairman.

At a social hour, wives of the church members, Miss Eric McGee and Mrs. John Luskman, presided at the table.

Mr. Costerton will assist at next Sunday's service in All Saints' Church.

Ald. Michael Lemmick told council there is only the usual maintenance work being carried out in city parks at this time and preparations are now being made for next spring and summer. "Parks crews have already potted some 2,000 geraniums and at least another 1,000 are yet to be done," he said.

City clerk Ian Gearing told council the city was nearing the end of processing all local improvement frontage by-laws. He also said reconstruction of the Overwater parking lot started Monday morning and all difficulties encountered have proved to be minor.

## ENDERBY

The Enderby Catholic Women's League resumed their monthly meetings recently, holding their September meeting at the home of Mrs. F. Neagle. Mrs. L. Schulte presided, and opened the meeting with devotion. The league decided to hold the annual fall bazaar on Oct. 28. The accent to be on fancy aprons.

**BUY MOST BIBLES**  
The people of South Africa buy more bibles per person than any other country in the world. Bibles are sold there in 60 languages.

## Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinking) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—money back guarantee.

## Brevity Lesson At City Council

VERNON (Staff)—Monday's regular city council meeting may go down on record as being the shortest meeting yet.

Duration of the meeting is generally 30 minutes or so, but last night the meeting was adjourned after 33 minutes in session. The meeting commenced at 7:30 p.m. sharp and concluded by 8:03 p.m.

Commenting on the short duration, Ald. Jack Davis remarked: "If we wouldn't have had a delegation attending at the opening of the meeting, we may have been finished by 8 p.m. sharp."

The delegation referred to by Ald. Davis was Cecil Clark, representing a group of Vernon citizens asking for a re-survey of the location of the proposed junior college.

Mr. Clark told council, at this time there is a definite necessity for re-survey of the proposed college location currently recommended to be established in Kelowna. "With the latest word of only one college now being considered to serve the entire Okanagan Valley, this may even eliminate the possibility of a future college being

established in Kamloops," he said.

"Taking this fact into consideration it points out that Vernon would definitely be the more central location for the college."

Mayor E. Bruce Cousins told Mr. Clark the matter had been discussed briefly in committee Monday morning and there was no change in opinion that council would certainly support what a new survey indicates.

"I'm surprised though," he said, "at the recent meeting held in Kelowna that the representatives were a hand-picked few and there was no representation from any other boards in the North Okanagan Area."

Mr. Clark replied: "It seems that somehow someone sent out of the meeting being held, were questioned into Kelowna and were missed being received by other boards especially in this area."

He told council he understood Franchin's attitude on the matter was still unchanged.

Mr. Cousins said Mr. Fisher mentioned the department of national defence does not now own all the property used during the war and wondered if any difficulties would arise in combining these areas that are now private property.

The mayor replied he felt the private property owners would very much welcome the search in the interest of safety.

## WAS PAINT APPLAUSE

Two fatigues a night was the average during the 60 years Paris' old-borough theatre Grand Guignol was in business; the record was 15.

ALD. BAYNE

"I'm surprised though," he said, "at the recent meeting held in Kelowna that the representatives were a hand-picked few and there was no representation from any other boards in the North Okanagan Area."

Mr. Clark replied: "It seems that somehow someone sent out of the meeting being held, were questioned into Kelowna and were missed being received by other boards especially in this area."

He told council he understood Franchin's attitude on the matter was still unchanged.

Mr. Cousins said Mr. Fisher mentioned the department of national defence does not now own all the property used during the war and wondered if any difficulties would arise in combining these areas that are now private property.

The mayor replied he felt the private property owners would very much welcome the search in the interest of safety.

## Public Urged Not To Forget National Immunization Week

VERNON (Staff)—This week marks National Immunization Week across Canada and people everywhere are urged to participate in immunization to protect themselves and prevent the spread of disease.

This year marks the 21st year for National Immunization Week which is sponsored by the Health League of Canada and supported by departments of health in all parts of the country.

Dr. Duncan Black, medical health officer North Okanagan Health Unit, said today, in British Columbia during the last 13 years there have been 112 cases of diphtheria, however, during the years 1956, 1959 and 1960 no cases occurred in the province. There were 2,397 cases of paralytic poliomyelitis, but since the introduction of the Salk vaccine in 1955, 397 cases occurred and only eight cases in the last two years with no cases to date this year.

"While we in the North Okanagan have not had a case of smallpox or diphtheria for many years, 13 cases of poliomyelitis have occurred in the last 13 years, with no cases during the last two years," he said. "The fact diphtheria and smallpox have become so rare and it would appear poliomyelitis is on the wane, is no reason to neglect immunization. When we know immunization protects, why don't we employ it universally?"

**MAY FORGET**  
Dr. Black said the general public should be made aware that every week in the year is immunization week, the continuous campaign must be kept up.

**Service Station Plan Announced**  
VERNON (Staff)—Council received a letter from Husky Oil Co. of Canada regarding the purchase of property at the corner of 32nd Street and 27th Avenue, to be developed into a modern service station and bulk plant.

Underground tanks would be installed with a total capacity of 20,000 gallons. Council referred the request to the town planning commission for rezoning approval when the commission meets Wednesday night.

**German Ship Sinks In Crash**  
KIEL, West Germany (Reuters)—The 248-ton West German coastal vessel Roland sank after a collision with the Argentinian freighter Rio Quequen in the Baltic Sea today, Kiel radio reported.

The radio said two of the four crew members of the German vessel are missing. The other two were picked up by a Danish ferry.

The 3,166-ton Rio Quequen, owned by the Empresa Lineas Maritimas Argentinas of Buenos Aires, joined in a search for the missing men.

## Racial Troubles Copied In Oakland

OAKLAND, Calif. (AP)—Oakland police say the recent racial troubles in Birmingham, Ala., have probably contributed to an outbreak of assaults by Negroes on white students at Oakland Technical High School since classes began 12 days ago. Eight assaults have been reported, resulting in three injuries and the arrest of three non-student Negroes.

**Rocky Off On Tour Of Europe's Capitals**  
NEW YORK (AP)—Governor Nelson Rockefeller of New York and his wife left by plane Monday for a 12-day tour of European capitals. They will visit Rome, London, Berlin, Bonn, Brussels and Paris. The trip will give Rockefeller an opportunity to pick up additional material for discussion of foreign policy during his expected campaign for the 1964 Republican presidential nomination.

**LOVETHEIR FISH**  
Some 14.3 per cent of Britain's fish catch last year was frozen and British housewives bought 650,000,000 pieces of frozen fish.

EASY WAY TO LEARN FRENCH

## CANADA'S FIRST COLONISTS

Who were the first Europeans to colonize Canada?

Historians now agree that Viking seamen from Greenland established settlements on the east coast of Canada before the year 1,000 A.D.

The settlements were abandoned in the face of hostile attacks from natives.

But the Vikings will come alive again in a unique story strip feature starting in this newspaper Monday, Sept. 16.

This time, however, they will be speaking French!

Their story is the first episode in LES CANADIENS (The Canadians), an unusual new strip designed to assist English-speaking Canadians to learn French.

# Gadsby Scribes Harvey Missing

By THE CANADIAN PRESS  
Tough old Bill Gadsby scratched his signature on another National Hockey League contract Monday — signifying he is ready for his 18th season.

But the real old man of the league's defencemen, Doug Harvey is still missing.

Gadsby, 36-year-old Detroit rearguard, played in all 70 games last season. Two days of playoffs for the Red Wings.

Harvey, 35, is keeping New York Rangers guessing. He still at his Montreal home.

The Rangers, however, expect he may show up at their training camp Wednesday. Harvey says business commitments have caused his delay.

The Wings are training on their home ice at Detroit. Olympic and manager coach Bud MacLean also signed Gadsby's signing Monday.

Also signed by the Wings were

BILL GADSBY signs for '68-69

## Longest Day, Night Too

CLEARWATER, Fla. (AP) — It took 31 innings and seven hours, 41 minutes of playing time, but the defending champion Clearwater Bombers finally beat Portland Ore. 4-3 in the men's world softball tournament today.

The game started at 7 p.m. Monday and didn't finish until after 4 a.m.

One pitcher, Jack Hutchinson of Portland, left the game with fatigue after 29 innings, although he struck out 23, walked only eight and gave up but 10 hits.

The winner, Eddie King, a 30-year-old telephone company accountant, pitched 23 innings, walking only one, allowing hits and striking out 25. He also drove in the winning run.

### SCORES DECIDING RUN

Harry Hancock, a 20-pound construction superintendent, scored the deciding run in the 31st inning by walking, advancing to second on a sacrifice, stealing third and romping home on a single by King.

Not only was the game the longest ever played in the tournament, breaking the 24-inning record set by Springfield, Mo., and Baltimore in 1954, but it was also stopped for 33 minutes by rain in the middle of the fourth inning.

To top it off, Portland had to get ready to play again at 1 p.m. today and every member of the Clearwater team had to go to work this morning.

Other games scheduled for Monday night were postponed to this morning. They are Oakland, Calif.-Philadelphia and Oklahoma City-Providence.

## Education Help To Underdog A's

CORNWALL, Ont. (CP) — Education may help St. Catharines Athletics, down 3-1 in games in their clash with Vancouver Carlings for the Canadian senior lacrosse title, keep their hopes alive when the best-of-seven series resumes tonight.

A yen for further knowledge and teaching duties will remove two of Vancouver's big threats when the clubs resume their battle for the Mann Cup.

Wayne Pecknold, a bounding forward who has tallied eight goals in the series to rate as the top scorer for the Western champs, had to leave for Boston to register for a post-graduate course in civil engineering.

And more good news came for the Athletics with the return of Peter Black, a 205-pound bruiser, to Vancouver to take up his teaching duties. He got credit for two goals and a pair of assists in the two games played during the weekend.

But the news wasn't all good for St. Catharines.

Doug Smith, 33, a veteran who played a standout game for the Easterners when they reversed their form of the first three games to down Vancouver 19-12 Sunday in the fourth match, has had knee. He injured it badly in the fourth game but still scored a goal and six assists in a sparkling performance.

Toronto	3	6	2	14

## 1968 Olympics Topic Of Talks

OTTAWA (CP) — Officers of the Calgary Olympic Development Association will meet three national federations and other federal officials Wednesday to discuss the administration of the 1968 Winter Olympic games in East Asia.

The officials are proceeding on the assumption that Canada will be chosen by the International Olympic Committee as the host for the sports extravaganza.

The committee is expected to make its decision next Jan. 22 at Innsbruck, Austria, after considering bids from seven countries.

Wednesday's private meeting here will be attended by Health Minister Judy LaMarsh, responsible for the fitness council; Northern Affairs Minister Lalor, responsible for national parks; and Agriculture Minister Hays, Alberta representative in the cabinet.

Edgar Davis, president of the Calgary association, said Monday the meeting will deal with the allocation of financial and administrative responsibilities for the games between the federal, provincial and municipal levels of government.

The association delegation will also make recommendations about the organization and membership of the Games committee, which would organize and operate the big undertaking.

## Davis Expected To Make It Two

NEW YORK (AP) — Tommy Davis of Los Angeles Dodgers moves into the final week of the 1963 baseball season with an excellent chance of becoming the first National Leaguer in more than a decade to win two consecutive batting championships.

Davis has taken over the lead, climbing ahead of slumping Dick Groat of St. Louis and Roberto Clemente of Pittsburgh.

Davis picked up two points to 323 in last week's games with nine hits in 24 times at bat. Groat lost seven points to 320 and dropped into second place.

With San Francisco's Orlando Cepeda, Clemente dipped to fourth place at 319.

Carl Yastrzemski of Boston has virtually wrapped up the American League title. He leads Al Kaline of Detroit, the runner-up, by 13 points.

Yastrzemski moved up one point to 323 on seven safeties in 19 tries. Kaline also gained a point to 310.

Harmon Killebrew of Minnesota took over the American League home run lead from Boston's Dick Stuart. Killebrew walloped seven homers last week, giving him 45 for the campaign. Stuart, who leads in runs batted in with 118, has 42 homers.

Willie McCovey of San Francisco hit five homers to take over the National League lead with 43. Hank Aaron of Milwaukee, the RBI pace, set with 127, dropped to second in home runs with 42.

### Arena Schedule

Jerry Lord, Memorial Arena foreman, has released the schedule for the arena for September 24-30.

Tuesday: 8 p.m. — Figure skating.

Wednesday: 7 p.m. — Junior hockey.

Thursday — Monday: Setting up for September 30 election.

Beginning next week, a schedule of arena events will be published on the Courier sports page.

### Pennant At A Glance

By THE ASSOCIATED PRESS	W	L	T	Pts.
St. Louis	96	60	615	6
St. Louis	91	66	590	5 1/2
Los Angeles	at home	6	New York 3, Philadelphia 3	
St. Louis	at home	3	Cincinnati away 2, Chicago.	

### MONDAY'S FIGHTS

Tokyo — James Johnson, 121, Philippines, knocked out Yuz Masuko, 125, Japan, 1.

Boston — Tom McNamee vs. Danty Rhonda, heavyweight bout, cancelled.

## HOW MANY WILL MAKE THE GRADE?

The Kelowna Junior B's across went through their first practice session Monday night

at Kelowna's Memorial Arena under the hand of coach Don Culley. Coach Culley said it

was a very good turnout and the 29 boys took in fairly good shape and their size is quite

good. There were six members of last year's club at the practice. —(Courier Photo)

## He Isn't So Bad Argos Find Out

WINNIPEG (CP) — Toronto Argonauts must blush every time they scan the Western Football Conference scoring race.

Winnipeg Blue Bomber half-back George Fleming is the leader with 18 points. Fleming, a talented place kicker, made Argos look bad again Monday night.

His 18-point effort paced the Bombers to a 24-15 win over Edmonton Eskimos and closer to third place in the WFC standings.

Argos, doormats in the Eastern Conference, cut Fleming early this season.

He has collected six touchdowns, 15 converts, seven field goals and six singles in eight games. The entire Toronto team has scored only 82 points in the same number of outings.

### AIMS FOR TITLE

Winnipeg coach Bud Grant, who felt there "wasn't much satisfaction" in Monday's win, now feels his club can make a stab at the WFC title.

What dampened Grant's enthusiasm was the memory of previous classic struggles between the same two clubs in years gone by. The Eskimos now are mired in last place in the five-team conference with only four points.

The Bombers, defending Grey Cup champions, moved to within one point of the third-place Saskatchewan Roughriders. Winnipeg, however, is only three points behind the leading British Columbia Lions who have 13. Calgary Stampeders are second with 12.

Grant said the victory gives Winnipeg a chance to challenge for first place within a week as they get set for a return match with Eskimos in Edmonton Saturday and game against Saskatchewan in Winnipeg next Monday.

### FLEMING STARS

The most spectacular and effective player in the game was Fleming, who scored two first-quarter touchdowns, two converts, a field goal and a single.

They also got a touchdown when defensive half-back Dick Thornton intercepted a second-quarter pass from Edmonton quarterback Lynn Amodee at the Winnipeg 45-yard line and ran 65 yards to score.

### Palmer Still King — Won \$100,000

DUNEDIN, Fla. (AP) — Arnold Palmer is still king of the golf money mountain in official tournaments.

The Professional Golfers Association standings show Palmer has entered 18 tournaments and won six for a total of \$101,555.

He was among the first five home in 12 of them.

Jack Nicklaus competed in 22 tournaments and won four to earn \$64,390. Julius Boros, competing in 25, earned \$73,856 and Tony Lema was fourth, playing in 22 tournaments and winning \$64,445.

Other players and their winnings: Gary Player, \$52,655; Dow Finsterwald, \$45,891; Bruce Crampton, \$31,046; Bobby Nichols, \$29,441; Bill Casper Jr., \$28,661; and Gene Littler, \$28,249.

### \$1 PER POINT FOR DRUBBING

TORONTO (CP) — Nobby Winkowski, head coach of the Toronto Argonauts of the Eastern Canadian Football League, said Monday he has fined his entire offensive line following Sunday's 50-0 drubbing by Calgary Stampeders. The figure was reported to be \$50 a man — \$1 a point.

## WFC Scoring Leaders Alter

Edmonton did most of its scoring in the third quarter, after a second-quarter field goal attempt from the 45-yard line by Bill Mitchell went wide for a single.

They came out to start the second half under rookie quarterback Ron Miller and immediately drove for a touchdown. It ended with an eight-yard pass to end Bruce Claridge and Mitchell kicked the convert.

To start the play Thornton, kicking into a wind that gusting to 35 miles an hour, gained only five yards and had them taken a five-yard no-yards penalty.

Edmonton's second touchdown also was set up by Miller with a series of passes, but completed by Amodee as he tossed the ball 16 yards into end zone to half-back Joe Hernandez. Mitchell converted again.

### Title Dropped By Dick Tiger

LONDON (Reuters) — World middleweight boxing champion Dick Tiger has decided to relinquish the British Empire title he has held since 1958, it was learned Monday.

The Nigerian fighter's decision was conveyed in a letter handed to the British Boxing Board of Control by his manager, Bobby Diamond.

Diamond said: "Tiger is giving up the title because he does not want the empire championship to remain stagnant. He thinks that other boxers should be given a chance of winning it."

Tiger won the empire title in 1959 by knocking out Pat McAteer of England.

### Figure Skaters Commence Busy Schedule For 1963-64

Mrs. H. N. Curtis, public relations officer for the Kelowna Figure Skating Club, announced the club's 1963-64 schedule today.

There are four groups taking part this year. Juniors (under 12); Intermediates (12-17); seniors (18 and of November 1, 1963) and an adult class with limited membership.

SUNDAY — 12 noon to 1 p.m. (figures, all classes), 1 p.m. to 2 p.m. free skating, all classes.

MONDAY — 3-4 p.m. — Juniors, Juniors\*, intermediates, seniors.

6:30-7:30 p.m. — Figures, 7:30-8 p.m. — Free skating (figures, all classes), 1 p.m. to 2 p.m. free skating, all classes.

TUESDAY — 3-5 p.m. — Juniors, Juniors\*, intermediates, seniors.

6-6 p.m. — Figures, 6-7 p.m. — Free skating.

THURSDAY — 3-5 p.m. — Juniors.

5-6 p.m. — Juniors\*, intermediates, seniors.

SPECIAL ADULT CLASSES MONDAY — 6:30-7:30 p.m. — Figures, 7:30-8 p.m. — Free style, 8-9 p.m. — Dance.

Note — Juniors\* refers to juniors who have passed their preliminaries. Clip this schedule and keep it as a permanent record. Any changes will receive

KELOWNA DAILY COURIER, TUES. SEPT. 24, 1963 PAGE 7

## Champagne Iced LA's Number-1

LOS ANGELES (AP) — For the Los Angeles Dodgers the long, hot summer seems over. The champagne is cold. The magic number is one.

One win by the Dodgers, which would happen tonight at the New York Mets' expense, or one loss by the St. Louis Cardinals, which could be today to the Chicago Cubs, was all that the Dodgers needed for the National League pennant.

The champagne is on ice in the Stadium Club at Dodger Stadium, and it's mighty cold. Some say it has been there since last year about this time, when an end-of-season plunge brought disaster to Dodger pennant hopes in a playoff loss to San Francisco.

On July 2 it was Dodgers pitcher Don Drysdale who defeated Curt Simmons and the Cardinals, 1-0, in the same stadium, to put the Dodgers in first place. They've been there ever since.

He opposes Tracy Stallard tonight. Drysdale is 18-17, Stallard 6-16. In 15 games against the Mets this season the Dodgers have only lost two and Stallard pitched one of them, a four — hitter July 30.

FANS WANT TICKETS The Dodger switchboard has been flooded with calls from fans seeking World Series tickets. Los Angeles hotels report a flood of reservations.

Dodger players now feel cocky enough to talk about the fans who deserted them Sept. 15 when their 7 1/2-game lead shrank to a one-game margin, and the town was full of rumors about Dodger Manager Walter Alston's impending downfall.

Then the Dodgers crushed the Cards in a series sweep. Said the Dodgers' Lee Walls, savoring the sweet smell of success: "We won it in St. Louis, they can't take anything away from us, either. We earned it by beating the team we had to beat."

There was only one game scheduled in the majors Monday. Detroit Tigers whipped Washington Senators 4-1.

REGAN GETS WIN Norm Cash got the Tigers started with a first inning homer and Rocky Colavito connected in the fifth with a man on. Phil Regan, touched for Don Blasingame's first inning homer, won his 15th with one-out relief help from Willie Smith. Regan struck out 10 in 8 2/3 innings.

All teams will be in action tonight, and while the spotlight is on the Dodgers and Cardinals, some attention will be focused at Yankee Stadium, where the American League champion New York Yankees will present their World Series lineup.

Roger Maris, out for two weeks with a back ailment, will return to the line-up and take his place in the outfield with Mickey Mantle and Tom Tresh. Whitey Ford, 23-7 and the likely Series opener for the Yankees, will be the starting pitcher against the Los Angeles Angels.

## Women On The Fairway

This Thursday is Flag Day at the Kelowna Golf Club. Here is the draw.

FIRST TEE A.M.

10:00 — B. Meikle, R. Oliver, G. Metcalfe

10:05 — M. Green, C. Lupton, G. Johnston

10:15 — M. Walker, H. Van der Vliet, L. Bailey

10:15 — J. Underhill, M. Wilcox, D. Stevenson

10:24 — H. Sherriff, T. Owen, M. Stewart

10:30 — M. Walrod, A. McClelland, N. Beairis

10:35 — M. Gordon, L. Ritchie, G. Holland

10:45 — V. Jones, E. Kennedy, M. McKenzie

10:45 — A. Durr, A. dePlyffer, J. Reekie

10:54 — E. Johnson, M. Shaw, D. Young

11:00 — R. Birch, Jones, A. France, C. Currell

11:04 — M. Henderson, A. Smith, R. Brown

11:13 — M. Orme, D. Shotton

11:18 — E. Curtis, L. Helliwell

Nine holes—second round 18 holes.

### TENTH TEE

A.M.

10:00 — F. Evans, M. DeMara, E. Boyd

10:05 — E. Wright, M. Bull, D. McLaurin

10:15 — M. Hagerman, P. Shillington, G. Russell

10:15 — R. Mandrell, J. Hammond

10:24 — M. Williams, E. Hughes

Winner of last week's monthly medal was L. Ritchie.

## Roughies Upset Stumbling Lions

OTTAWA (CP) — Ottawa Rough Riders dipped into their bag of tricks Monday night and came up with a 24-17 victory over British Columbia Lions in a Canadian Football League interlocking game at Lansdowne Park.

The victory, watched by 20,141 fans, moved Riders back into a first — place tie in the Eastern Conference with Hamilton Tiger-Cats. Each team has four wins.

Lions retained first place in the Western Conference. They have 14 points, one better than Calgary Stampeders.

Fleet Walt Tucker and rookie

Rick Black provided the main surprises for Lions.

Tucker, a University of Western Ontario graduate, lined up beside with Black on a third-down kick in the second quarter and then raced 56 yards to the B.C. 15-yard line to catch the ball. Two plays later Riders went over for a touchdown.

Black, a graduate of Mount Allison University, caught Lions napping in the fourth quarter when he raced downfield to recover his own third-down kick on the B.C. 47. Seven plays later Riders scored the winning touchdown.

Fullback Dave Thelen, playing his best game of the season, scored all three Ottawa touchdowns. Showing the form that made him a second leading rusher in 1961, the 210-pound import reeled off touchdown runs of 14 yards, 13 yards and one yard.

ADDS FIVE POINTS Moe Racine scored the other five Ottawa points on a 34-yard field goal, a 40-yard single and a convert.

Passing plays accounted for both B.C. touchdowns. Quarterback Joe Kapp threw a 33-yard touchdown pass to Jerry Jones and later combined with Willie Fleming for a 34-yard pass-and-run touchdown.

Peter Kempf kicked a 17-yard field goal and two converts to complete the B.C. scoring.

Lions had 21 first downs, eight by rushing, eight by passing and five by penalties. Riders made 20 first downs, 13 on the ground, six on passing and one on a penalty.

Ottawa quarterback Russ Jackson completed eight of 16 passes for 131 yards. Ted Watkins caught four of them for 25 yards and George Bell attached one for 48 yards.

Kapp completed 10 of 19 passes for 190 yards. Mac Burton was his top receiver, accounting for 68 yards with five catches. Fleming caught three passes for 43 yards.

Thelen was the game's top rusher—82 yards in 15 carries. Nub Beamer was the Lions' workhorse on the ground, carrying 11 times for 43 yards.

Former Ottawa tackle Gilles Archambault was honored by the football club and by fans during halftime. Archambault retired last season after injuring his leg in the semi-final playoff game against Montreal Alouettes.

## Last Horse Show For Kelowna Club

The Kelowna Riding Club will present its final equestrian show of the season Sunday, September 29 at 10 a.m.

The show will be the annual western and hunter — jumper horse show on the riding club grounds on Gordon Rd.

The meet will feature barrel racing, stake turning, pole bending, tent pegging and jumper and hunter trials.

Outstanding jumpers from Valley and Coast centres are expected to attend, prior to the Pacific International Horse Show at Vancouver and Portland.

## Melt From Cold War Days

## Trickled Through UN Halls

UNITED NATIONS (U.N.) - The present situation is that  
Melt from the cold war began  
to trickle through the United  
Nations last week.

There were indications that  
the trickle, with any luck, could  
become a flood, or at least a  
stream.

Except for a harsh attack on  
West Germany, of which Rus-  
sia obviously has genuine fear,  
Soviet Foreign Minister Andrei  
Gromyko was emboldened sweet-  
ness Thursday.

President Kennedy, as ex-  
pected, set the same tone Fri-  
day.

Gromyko said, "Let's go to  
Moscow next year and have a  
summit conference on disarmament."  
Kennedy said to Russia:  
"Let's go to the moon together."

Gromyko was for "peaceful  
coexistence." Kennedy was for  
"peaceful co-existence."

These attitudes were a well-  
come change from the crisis  
atmosphere of the last General  
Assembly, occasioned by the  
Cuba situation.

**OFFERS SUGGESTIONS**  
Prime Minister Pearson of  
Canada offered some sugges-  
tions on how the U.N. might be  
recreated to become more ef-  
fective in dealing with interna-  
tional disputes.

One of his suggestions was  
for the pooling of international  
units for U.N. peacekeeping op-  
erations anywhere in the world.

Kennedy welcomed this and  
also echoed Pearson's call for  
maintenance of the U.N. force  
in the Congo as long as re-  
quired.

The general attitude was:  
How can the U.N. seem on the  
better climate brought on by  
the nuclear test ban to widen  
areas of agreement among the  
super-powers?

Canadian informants said that  
one of the political motives of  
the present situation is that  
former Conservative external  
affairs minister Howard Green,  
who continually preached dis-  
armament and stoutly opposed  
Canadian acquisition of nuclear  
weapons, is not around to enjoy  
at least a moment of triumph.

**ANNOUNCES ALLIES**  
Green pushed the disarmament  
line so hard at times -  
especially at NATO council  
meetings - that some of Cana-  
da's allies became annoyed  
with him.

It now can be disclosed that  
at the closed NATO meeting in  
Athens in May, 1962, Green said  
the risks inherent in continued  
nuclear testing outweighed the  
risk of an unopposed nuclear  
test ban. His position was coldly  
rejected by most of Canada's  
partners at that time.

In any event, the winds of  
change are blowing here. They  
are blowing so strongly that  
there is even talk of a Los-  
Angeles-East-West conference on  
Viet Nam.

The next move, suggested by  
Gromyko and Kennedy, may be  
an agreement to ban the  
testing of nuclear warheads in  
outer space.

As Pearson said, deeds and  
not speeches are needed now if  
the current thaw is to become  
a true sign of spring.

**Bandits Kill 19**  
In Colombia Raid

BOGOTA, Colombia (AP) -  
Bandits killed 19 persons, in-  
cluding eight children, in a raid  
on an isolated mountain com-  
munity in the northern state of  
Tolima, Friday, press reports  
said Monday. Seven farm  
houses were looted and burned  
by a band of 30 outlaws.

Opening lead - five of hearts.  
Some deals have built-in  
traps to catch the unwary.  
The difficulty in these hands is not  
that the problem which exists  
is hard to solve, but rather that  
there is a lack of awareness  
that there is any problem at all.

Take a deal like this one, for  
example, where South is declar-  
er at three notrump and West  
leads a heart. It seems perfect,  
start running the diamonds. But  
when declarer plays the king  
and then the ace, West shows

out and the value of the long  
diamonds is materially reduced.

It is useless to continue play-  
ing the suit, so declarer turns  
his attention to clubs, hoping to  
find that suit divided 3-3, so  
which case he will still make  
nine tricks. He catches the A-K,  
catching the jack, but when he  
leads the ten from dummy, he  
finds that there is no way of  
cashing his four club winners.  
He must go down one, whether  
he overtakes the ten or lets it  
win in dummy.

When the play is examined,  
it is found that both could have  
made the contract if he had  
switched clubs before diamonds.  
In that case, after playing the  
A-K-10, he would then be able  
to return to his hand with a di-  
amond to cash the queen of clubs  
and thus score nine tricks.

Actually, this is the right way  
to play the hand because it gives  
declarer an extra chance to  
make the contract. South should  
renew from the start that  
the diamonds might not break  
favorably and should take steps  
to prepare for this possibility.

He has eight top tricks to be-  
gin with and should cast about  
for the ninth to cover the case  
where the diamonds are unfavor-  
ably divided. One distinct pos-  
sibility is that either opponent  
was dealt the J-x of clubs (a  
16% chance), and he should  
therefore test the clubs before  
releasing the king of diamonds  
from his hand.

**YOUR HOROSCOPE**

**FOR TOMORROW**  
A day of mixed planetary in-  
fluences. Routine matters should  
have priority over new ventures,  
although you could launch the  
latter if they have been care-  
fully pre-planned and studied.

During the P.M. it would be  
wise to control emotionalism  
and hypersensitivity. Some per-  
sons will be on the edge and  
needless quarrels could en-  
sue if each does not do his part  
in maintaining harmony.

**FOR THE BIRTHDAY**  
If tomorrow is your birthday,  
your horoscope forecasts in-  
teresting developments during  
the coming year. Monetary in-  
terests should prove highly  
stimulating in early November,  
during the first three months  
of 1964 and next June and Sep-  
tember.

Do use care in finances be-  
tween now and mid-October. In  
mid-December and in April of  
next year, however, Extrava-  
gance or speculation during these  
periods could upset the

budgetary apparatus.

October will be a good month  
for occupational interests; also  
the period between mid-Deem-  
ber and late March of next  
year; May and September.

Domestic affairs and personal  
relationships generally should  
be harmonious throughout most  
of the year - especially if you  
are careful to avoid friction in  
close circles in mid-December,  
late March and early April.

Exceptionally fine planetary  
influences will govern social  
and sentimental matters during  
the first three weeks of October,  
in late December, next April,  
May and August.

Creative workers will have a  
generally good year, but they  
cannot expect any dramatic up-  
turns for some time to come.  
Best gains, however, will accrue  
in late November, February,  
March and June.

A child born on this day will  
be endowed with fine percep-  
tive faculties, good foresight  
and an instinctively fine social  
sense.

# "Interference" In Canada Denied By U.S. Official

John Leslie, deputy U.S. assistant labor secretary, denied Monday that the U.S. government had at any time interfered with Canadian government policy-making in attempts to resolve the Great Lakes labor battle. Leslie, who accompanied Labor Secretary Willard White to Ottawa earlier this month and he was surprised by statements of Progressive Conservative Leader John Diefenbaker to the effect that there had been such interference.

dangerous period in the cold war. Labor Minister Peterson of British Columbia said Monday in Nakusp ministers of labor from the United States and Canada will meet in Vancouver next August to discuss labor-management relations. Guy Fekret, 18, claimed to be the only boy born in Ravensbrück concentration camp to have survived. He was exempted from the French Army draft by doctors. His health has remained precarious because of the lack of milk available for him after birth in the notorious Nazi camp.

Finance Minister Gordon said Monday in Ottawa there are no plans to provide pay increases for 20,000 government clerks who were not included in last December's round of pay boosts.

Prime Minister Cheddi Jagan of British Guiana said today in London "hysteria and fear" have been generated in the United States about British Guiana and there had been U.S. "interference in our domestic affairs."

Astronaut John Glenn has turned down a \$1,000,000 job offer, and if he leaves the military, it probably will be for a government post, his lawyer said in Breakford, Conn.

President Tito of Yugoslavia says he came to see Chinese President Jao Aungmyi in the hope of furthering "the cause of peace and constructive international collaboration."

RICHARD NIXON

Former vice-president Richard Nixon said Monday in Syracuse, N.Y., that the United States nuclear test-ban treaty marks the beginning of the "imperial

Prime Minister Nehru of India said Monday a major objective of Red China's policy is to pry India out of a position of nonalignment in the cold war.

U.S. Defense Secretary Robert McNamara and Gen. Maxwell D. Taylor, chairman of the Joint Chiefs of Staff, left Washington for South Viet Nam today on a special fact-finding mission for President Kennedy.

## Politicians Head Home

TORONTO (CP) — Ontario's three party leaders, after making a big bid Monday night for Metropolitan Toronto's 28 seats, headed for their home ridings today to do some last-minute patching to retain their seats in Wednesday's provincial election. New Democratic Party chief Donald MacDonald got a bit of a head start, appearing in a three-way debate in his Metro riding of York South Monday night. Premier John Roberts headed for London, Ont., where he will stand for re-election as Progressive Conservative candidate in one of the two city ridings, and Liberal party head John Winter-

meier headed home to Kitchener.

## Mass Bid To Kill Philadelphia Polio

PHILADELPHIA (AP) — Nearly 2,000 persons filed

through public clinics this week for the Sabin oral vaccine in a mass effort to stamp out polio in the Philadelphia area, listed among the highest in the United States.

## South African Policeman Jailed For Aiding Escapees

JOHANNESBURG (Reuters) — Policeman Johannes Arnoldus Greef, 18, was sentenced today to six years in prison for helping South African political refugees escape from police cells here and accepting a bribe.

Greef first pleaded not guilty, but changed his plea to guilty today and received consecutive sentences of three years on each of the two charges.

He was arrested after artist Arthur Goldreich and lawyer Harold Wolpe and two Indian political prisoners escaped while being detained under South Africa's 90-day "no trial" anti-subversion law.

Goldreich and Wolpe arrived in London Monday. The Indians, Mavva Modila and Abdulhay Jassay were reported to be in Dar Es Salaam, Tanganyika.

The four men slipped through one of the biggest manhunts in South African history to cross into the neighboring British territory of Bechuanaland last month.

Transvaal Deputy Attorney-General Percy Yutar told the

court that Greef—who was on night duty as cell warden at the Marshall Square police headquarters—was paid \$50 (\$150) by Goldreich's relatives and promised a further \$2,000 if he permitted the escape.

Yutar added that the escapees double-crossed Greef, because when he afterwards went to a man who was to pay him the promised \$2,000, the man said he knew nothing about the matter.

## Blood Transfusion For Unborn Baby

AUCKLAND, N.Z. (Reuters) — Doctors today released details of what are believed to be the world's first successful blood transfusions to an unborn baby.

The three transfusions saved the life of a boy born here last Friday. The baby has since had two replacement transfusions, and doctors said it apparently is doing well.

Prof. G. H. Green, associate professor at the post-graduate School of Obstetrics and Gynecology here, said the child's blood-group was incompatible with that of his mother.

## SOCIAL

## WELFARE

The Liberal Party holds that there are no hopeless welfare cases; that the underlying aim of welfare must be to help people help themselves. The far-reaching Liberal welfare program calls for:

### ART DAWE

★ Re-organization of child welfare to reduce delinquency and keep families together wherever possible.

Increase grants to alcohol and drug addiction treatment centres with more emphasis placed on prevention through education.

★ A province-wide system of remand homes allow youthful offenders to remain in their own communities.

★ A team of experts, schooled in the techniques of preventive welfare, to move from case to case and return the destitute to useful lives through job training and re-training and development of new opportunities.

More research into the causes of social decay and methods of rehabilitating the destitute.

Under a Liberal government, welfare will be made constructive. We will move toward the end of deterioration of human resources.

**LIBERAL "KICK-OFF TO VICTORY" RALLY**
